Utility Information for:
BCP# 0218114 (Hutchinson, Moore & Rauch LLC)
Culvert Restorations

Statement: The following information should only be used for informational purposes; utilities shall be checked by the contractor on site to verify current site conditions. The following information was compiled to the best of our knowledge but it is the responsibility of the contractor to determine actual conditions.

Color Guide:

-  Green sites have no known utility conflicts
-  Yellow sites have not yet been determined
-  Red sites have known utility conflicts

BC200-136 (CR 85)

-  East Central Water –They say their water line should be ok.
-  No sewer lines at this site
-  CenturyLink – Has not confirmed a definite conflict. They say they have a 100 pair cable in stock if it's damaged.

BC200-150 (Ard Rd)

-  East Central Water –They say their water lines should be ok.
-  No sewer lines at this site
-  Century Link – They have not confirmed a definite conflict. They say they have a 25 pair cable in stock if it's damaged.

BC200-174 (Vaughn Rd)

-  East Central Water –They say their water lines should be ok.
-  No sewer lines at this site.
-  Century Link – They have not confirmed a definite conflict. They say they have a 50 pair cable in stock if it's damaged.

BC200-187 (CR 38)

-  East Central Baldwin Water – they have a 10 "water line on top of the existing 48" pipe. They are proposing to shut the pressure off and work with the contractor to slide the new pipe under the waterline.
-  CenturyLink - has a fiber cable at this site, conflict not determined.

BC300-213 (Kichler Circle North)

-  East Central Baldwin Water – they have a 6" water line on this site, they say it should not be in conflict.
-  Riviera utilities (Gas) – Danny Scott said they have a 2"PE gas line 6' deep and it's under the culvert. He said it should not be a conflict because of the depth.
-  Century Link – they say they have a 50 pair on the north side and a 6 pair on the south side but it is not known if it will be a conflict.

BC300-001 (CR 83)

-  East Central Baldwin Water – they have a 6" water line on this site, they say it shouldn't be a conflict.
-  CenturyLink has a fiber cable on the east side of the road at this location but it is not known if it will be a conflict.

BC300-179 (CR 93)

-  Riviera Power – They ask that we give them the start date as soon as possible so they can shut off the power. Riviera will need to send notices out as soon as possible.
-  Perdido Bay Water – They have a water line on the east side of the road 3 or 4 feet from the end of the existing drain pipe. They say the water line should not be in conflict with the proposed culvert.
-  CenturyLink - has a copper cable on the west side of the road, conflict not determined.

BC300-210 (Kichler Circle West)

-  Riviera Utilities Gas – Riviera said they have a 2"PE gas line 4' deep 3' outside of the culvert in the ditch. Riviera does not think this will be in conflict.
-  CenturyLink - has a copper cable on the west side of the road, conflict not determined.

BC300-229 (Kleinschmidt Road)

-  East Central Baldwin Water – They have a water line on the south side of the road. They shot the elevation and it will not be a conflict.
-  CenturyLink - has a copper cable at this site, conflict not determined.

BC300-358 (Malkoskie Road)

-  CenturyLink - has a copper cable at this site, conflict not determined.

BC300-359 (CR 34)

-  East Central Baldwin Water – they have a 6" water line on top of the existing pipe. They are proposing to shut the pressure off and work with the contractor to slide the new pipe under the waterline.
-  Century Link – Says they are clear.

BC300-377 (CR 36)

-  East Central Baldwin Water – they have a water line at the site, they say no conflict.
-  Baldwin County Sewer - Ryne Engle said they have a 10" sewer under this drain pipe. Ryne said they bored under the pipe and he does not think there's a conflict.
-  CenturyLink - has a copper cable at this site, conflict not determined.

BC300-392 (Gean Rd)

-  East Central Baldwin Water – they have a 3" line on top of the existing drain pipe. They are proposing to shut the pressure off and work with the contractor to slide the new pipe under the waterline.
-  CenturyLink - has a copper cable at this site, conflict not determined.

BC300-049 (Woerner Rd)

-  East Central Baldwin Water –they have a water line on site, they say it should not be in conflict.
-  CenturyLink - has a copper cable at this site, conflict not determined.

BC300-022 (Woodland Lane)

-  Perdido Bay Water – Bruce Hartman said they have a water line on site, he says it should not be a conflict.
-  CenturyLink - has a copper cable on site, conflict not determined.
